

# EXHIBITION INSURANCE

## HOLDING A TWO-DAY EXHIBITION OR GOING ON TOUR FOR A YEAR? WE CAN HELP.

From the initial budget planning to the final installation, your Huntington T. Block Insurance Agency representative can provide insurance and risk management guidance that helps safeguard your collection while on the road and on exhibition at one or more venues.

## WHY PURCHASE AN EXHIBITION POLICY IN ADDITION TO YOUR FINE ART INSURANCE?

- Ensures seamless coverage for the exhibition collection at all venues and while in transit
- Eliminates the confusion of determining which fine art insurer is responsible for any claims
- While at different venues the collection is outside your care and control, putting it at higher risk
- Claims made on the Exhibition Policy do not affect your Fine Art Insurance, its loss history, or rates
- The organizer can divide up the insurance cost among the exhibiting venues
- Lenders receive one Certificate of Insurance (COI), eliminating the need for multiple COI's which may irritate the lender

## OUR FINE ART INSURANCE REPRESENTATIVES CAN:

- Furnish premium indications for future exhibitions
- Guide you through available U.S. Indemnity Schemes for Domestic and International Loans
- Review foreign indemnity contracts and insurance coverage requirements
- Ensure that your insurance accurately responds to your museum's contractual

## OUR PROPRIETARY EXHIBITION POLICY PROVIDES:

- "Wall-to-wall" seamless coverage from assembly to dispersal, through the entire exhibition tour
- A claim settlement valuation based upon the Agreed Value per signed loan agreements
- Zero deductible on loaned objects while on exhibit and in transit
- Worldwide coverage
